

DiCOM Credit Quality Solution (CQS)

CQS Release 11.2

Optimizing the Relationship Review Process

DiCOM Software is proud to announce the release of our latest version of CQS focused on optimizing the relationship review process. Based on DiCOM's last market study, most loan review professionals are under pressure to keep up with portfolio growth and additional responsibilities while staffing levels remain constant. CQS users now enjoy a number of key enhancements designed to drive additional effectiveness and efficiency to their loan review process.

The Loan Review process made easy, efficient, and measurable!

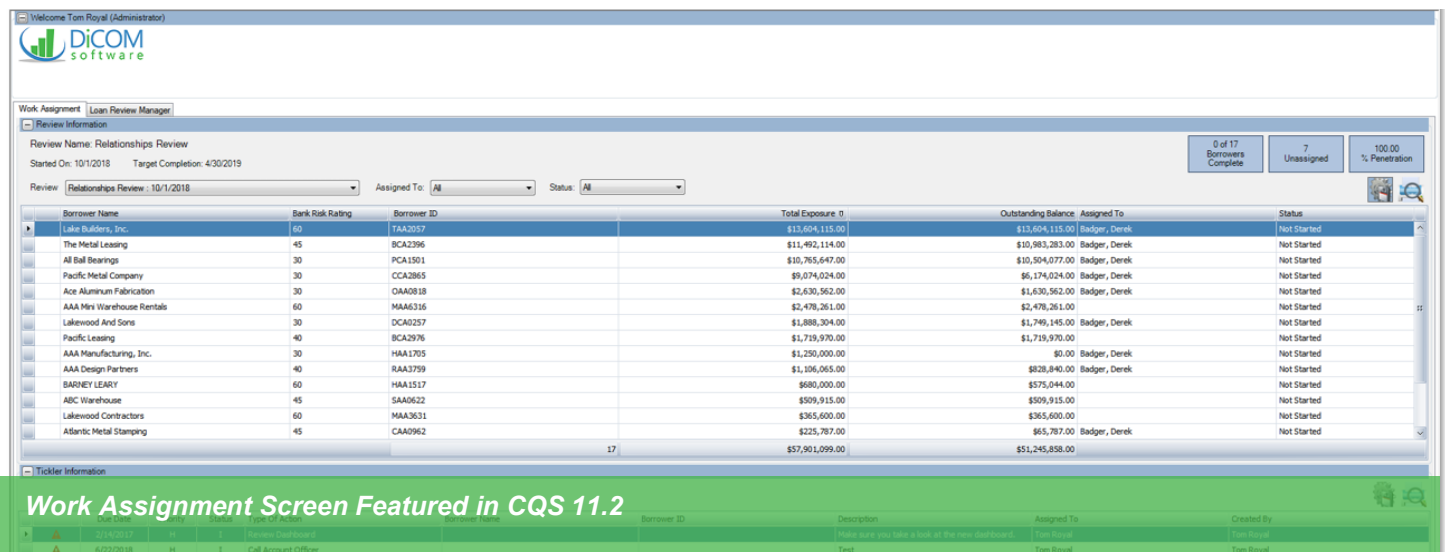

Features:

- Optimize scheduling with new Work Assignment screen
- Isolate risk with Ad-hoc note-level groupings
- Leverage efficiency improvements to the credit workspace
- Save time with enhanced access to historic comments and findings
